

Sample Letter for SLPs and Audiologists in medical settings

Dear _____:

I am a speech-language pathologist (SLP)/audiologist who works in a medical setting such as a hospital, rehabilitation center, or nursing home. Individuals in these settings have suffered trauma and illness and rely on us to help them regain skills so they can be contributing members of our community again. We are a part of the team of medical professionals who provide the expertise necessary for them to do this.

I am writing to ask for your support of these critical issues.

1) Full Funding of New Mexico's Medicaid Program for Fiscal Year 2006

Please don't allow further cuts in services, eligibility, or provider rates for FY 2006. Medicaid in New Mexico not only helps those in our community that require medical assistance, it provides a huge economic benefit for the entire state as well.

2) The Speech-Language Pathology (SLP) and Audiology Practice Act

Please support the sunrise of the licensure of SLPs and Audiologists in New Mexico.

Thank you for your support. I am counting on you.

Sincerely,
